Vol 1, Are We Building The Kingdom of God? by Mac Dominick; Maturing your faith at this End of the Age?

- * What is the Kingdom of God?
- * Are we now living in the Kingdom of God?
- * Who are the WATCHERS and the SONS OF GOD and how do they fit in with Building the Kingdom of God at the End of the Age?
- * Is the Church the Kingdom of God?

This study begins before Genesis, in Eternity Past, and continues through the Book of Revelation, and will be absolutely critical in maturing your faith at this End of the Age.

Isaiah 9:6-7 is the logical starting point for this study. Jesus Christ is revealed as: * The coming ruler of World Government.

* His government shall rule from Jerusalem from the lineage of the Throne of David.

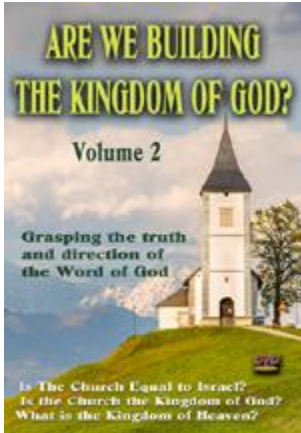

- * His government shall rule FOREVER.
- * He shall be Mighty God.
- * He shall rule with eternal Justice and Peace.

* Christians today must focus their gaze upon this final wonderful ruler and His kingdom, because this world is going to have to go through an unparalleled tyrannical kingdom of Antichrist and of God's judgment upon all mankind. No matter how awful events are going to get, remember, you are not home yet!

In the ultimate analysis, who builds God's Kingdom on Earth? Human Church leaders or Jesus Christ?

ARE WE BUILDING THE KINGDOM OF GOD? Vol 2 - Grasping the truth and direction of the Word of God

This video contains the second installment of a study of the Kingdom of God that traverses the entirety of Scripture.

As the study continues from DVolume 1, we looked into the Word of God to ascertain the role of today's Christians in the construction of God's Kingdom.

In Volume 1, we answered questions that defined the Kingdom of God. We further began a study of the Old Testament Scriptures that firmly establish the fact that God will at some point in the future establish a literal, physical kingdom on Planet Earth which will be ruled by the prophesied Messiah of Israel.

Volume 2 begins with the examination of the Old Testament prophetic Scriptures that further define the details of the Kingdom and its ruler. We will discuss the New Covenant that God will make with the House of Israel as introduced by the prophet Jeremiah. We will then conclude the study in the Old Testament with a summation that lays the groundwork for and foretells of the coming Messiah-King of Israel that will rule over the entire earth---both Jews and Gentiles.

The study will then transition to the Gospel of Matthew that presents Jesus as the King. We will learn of the bonafide offer of the Kingdom to First Century Israel, their rejection of the Kingdom, and their execution of the King. From there, we will traverse a path that reveals the mysteries of the parables into the book of Acts, and ultimately to the Book of Revelation---the book that details the Kingdom of God on Earth.

Once we complete our in depth view of the Scriptures detailing the Kingdom, we will ask the question: So what's the problem? We will begin our investigation of the misapplication of Scripture, the perverting of Scripture, and the outright redaction of the Inspired Word of God that is leading to a general gross misunderstanding of the Kingdom of God in the Church Age.

Disc 2 will answer these (and other) questions:

What is the Gospel of the Kingdom?

Is the Gospel of the Kingdom the same as the Gospel the Church is preaching today?

Is there a difference between the Kingdom of God and the Kingdom of Heaven?

Is the Kingdom of God in the New Testament the same as the Kingdom of God in the Old?

Do we need to redefine the Kingdom of God based on New Testament Revelation or lack thereof?

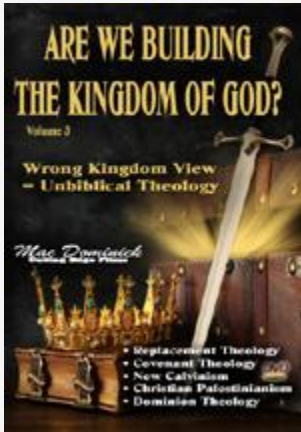

Is Jesus currently reigning in Heaven as King of the Church?

Will there be a literal 1000-year reign of Christ on Earth?

What is our role as Christians in these matters?

WHY DO THE ANSWERS TO THESE QUESTIONS MATTER? Join us as we continue this in-depth study that is critical to grasping the truth and direction of the Word of God. Run Time 1 hour 50 minutes

Are We Building The Kingdom of God Volume 3 - by Mac Dominick

This title is #3 in the series 'Are WE Building The Kingdom of God' and focuses on the wide array of the type of false teaching prophesied in Scripture.

If we ask such a question, we must then recognize the issues and problems that arise from a false, unbiblical view of the Kingdom and its establishment. Disc 3 will reveal why this view engenders, not only these problems, but also the false teachings within Christendom that have arisen specifically because of a skewed viewpoint of the biblical teaching of the coming Kingdom of God. What are the key false teachings we need to address?

- Replacement Theology
- Covenant Theology

- New Calvinism
- Christian Palestinianism
- Dominion Theology (Note that President Bush used this false theology to encourage pastors to support his wars in Afghanistan and in Iraq)

This video will also address some related subjects:

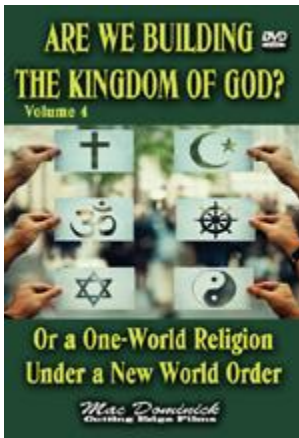

- The truly Biblical teaching of the Doctrine of Election
- The New Calvinism
- The true Christian perspective of the modern state of Israel
- The false kingdom within the Charismatic Movement
- The New Apostolic Reformation

Plan of Salvation at the end, making this video a Soul- Winning tool!

While we are committed to maintaining a Fundamental Christian Bookstore, we do not necessarily agree with everything every author writes in every book, or says in every video. The Bible requires every Christian to be a "Good Berean", who did not believe what the Apostle Paul was telling them until they checked their Scriptures! Likewise, every reader needs to check their Scriptures as they read the books and listen to the videos in this Bookstore.

ARE WE BUILDING THE KINGDOM OF GOD?

Or a One-World Religion Under a New World Order. Volume 4

As we arrive at the conclusion of our study on the Kingdom of God, we can reflect on all of the things we have learned to this point. The most important of our lessons can be summed up as follows: The major underlying theme of the Word of God is that due to the failure of the theocratic administrator in the Garden of Eden (Adam) to faithfully administer God's plan for setting up God's rule over the entire earth, there must be a plan to establish a second theocratic administrator (Jesus) who will establish God's Kingdom on the face of the earth.

It is this plan that guides us from Genesis to Revelation, and it is this theme that has been seriously misinterpreted well-meaning members of the Church. In our study we have traversed a path of misinterpretation that has led to various unscriptural movements and multiple false doctrines within professing Christianity. Thus, as we come to this final segment of the study, we must ask the question, 'Why should I care?' Disc 4 will answer not only that question, but reach a final conclusion to the main question, 'Are we building the Kingdom of God?'

Along the way to reaching a final conclusion, we will look into some dark corners of our recent history and present society that have taken the wrong path. These observations will include:

1. The plan for building the Kingdom of God via a human world government and a one-world religion that began in the 19th Century.
2. We will investigate the people that initiated and promoted such a plan.
3. We will follow this path all the way through the 20th Century and discover the current status of such plans imbedded in the most recent events of our present world.
4. We will also follow the individuals promoting such philosophies into the ranks of modern evangelicals.
5. We will then reveal the connection of the plan for a world government and a world religion in the occult world.
6. We will then discover the source of all such human efforts and philosophies.

Finally, we will take a look at what the Bible teaches about the Second Coming of Jesus Christ and His reign on earth as King of Kings and Lord of Lords.

All of this will not only show us why we should care, but these facts will give us a conclusive answer to the big question:
